

IDENTIPHOTO® 4500EXPRESS IDENTITY CARD SYSTEM

CREATE SECURE CARDS WITH ONE SIMPLE AND VERSATILE SYSTEM

Dual-sided, lamination and encoder options available.

Direct-to-card Printer

- **High-volume performance** - Built for organizations requiring robust, high-volume printing every day. Standard features include high-capacity ribbon supplies and dual-input hoppers that allow for maximum card input capacity and management of multiple card types.
- **Maximum security** - Optional single or dual-sided simultaneous lamination offers enhanced card security and durability
- **Highly versatile** - The modular design allows organizations to build upon their investment by adding field-upgradeable modules, such as dual-sided printing and technology card encoding.
- **Earth friendly** - ENERGY STAR® certified

The versatility of the 4500Express is unsurpassed, from loyalty cards to sophisticated access cards with embedded electronics. Empowered by an extremely robust and highly reliable print engine, this high-volume printer delivers speed, power and versatility rolled into one.

It's complete!
