

IDentiphoto® C30 Photo Identification System

Everything you need to be up and running with a fully functional ID system from day one. Now there's no reason not to own a digital photo ID system!

It's complete!

Now there's a way to help you produce great-looking ID cards. It's a complete, easy-to-use solution allowing you to create durable, personalized cards without any trouble or training!

The IDentiphoto® C-30 System includes:

- Fargo C-30e Single-side Printer
- Asure ID® Express Software
- One YMCKO Ribbon Cartridge – 250 prints
- 200 PVC Cards
- USB Digital Camera
- USB Cable
- Cleaning Kit
- Two-year Printer Warranty

System Requirements:

- Windows, 2000/XP

It's easy!

The IDentiphoto® C-30 System requires no cut-and-paste card assembly, no card cleaning and no system integration effort! This system gives you great results without the complexity of more advanced card identity systems. Setup is easy, you can do it yourself. The photo ID software and printing procedures take just minutes to learn. For a money-saving, all-in-one solution that's simple from the moment you open the box, it's the IDentiphoto® C30e card printing system.

- Great-looking durable cards
- BIG savings on labor and consumable costs
- Convenient database for digital records and instant card reissuance

Dual-sided and encoder options available.

Find out how the IDentiphoto® C30e Photo ID System can fit your ID card needs. Call for full details today.
