Do You Know Who is in your Building?

Identification Security is much more important today than ever before.

The Smart Solution is **PassagePoint™** Professional Visitor Management

Key benefits for hospitals, multi-tenant buildings, corporate lobbies and schools include:

- Professional visitor identification
- Photo capture option
- Efficient visitor tracking
- Secure visitor management
- Management reports
- Increased building security
- Peace of mind

STOPware introduces PassagePoint Visitor Management Software that revolutionizes visitor registration for businesses and organizations, which place a high priority on visitor tracking and building security.

PassagePoint from STOPware is the most comprehensive visitor management software on the market today.

- Replace old-fashioned, inaccurate sign-in visitor logs
- Modernize and enhance your visitor management system using Windows™ - based computer technology
- Generate key management reports quickly

If you don't know who is in your building, you MAY have a security breach.

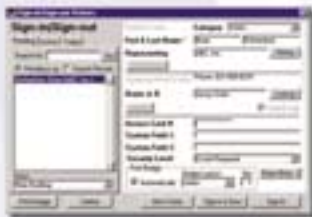

Visitors are easily and quickly entered into the computer. Out comes a professional, printed visitor badge. Employees are automatically notified by email.
