POCKETTRACKER K-12

TIME • TARDY • DETENTION • AND REWARDS TOO

The POCKETTRACKER K-12 is the mobile handheld system that brings you student information from anywhere on campus, all from the palm of your hand! Monitoring the halls has never been easier!

When POCKETTRACKER K-12 is loaded on a PocketPC device, it allows you to check a student's schedule, monitor violations and detentions, and even print a warning slip if using the companion printer option.

Utilizing the RAPIDTRACK K-12 Gateway Utility, behavior policies can be defined and rules created. That information, along with each student's information and class schedule are loaded onto the handheld device. Typically used with a barcode reader, the devices can be taken anywhere on campus to read a student's ID card (or use manual look-up) to efficiently monitor the halls and behavior compliance. At the end of the day, the devices are synchronized via the RAPIDTRACK Gateway, and daily administrative functions can be completed and reports can be generated to identify those students who have detentions, require parental notification, etc.

Besides streamlining your attendance and tardy procedures, POCKETTRACKER K-12 will:

- Make your campus more secure
- Automate behavior policies and enforcement
- Save time and money by eliminating unnecessary paperwork

FEATURES

- Check a student's schedule – just scan his card with the POCKETTRACKER K-12 built-in barcode reader (or look up by name) and the information is instantly displayed
- Issue a warning slip to a student who received a violation, or as a hall pass/class slip for tardies. POCKETTRACKER K-12 registers the infraction and instantly prints a warning slip with time, date, student information, and photo.
- Based on PocketPC technology (100% mobile)
- Look up past violations
- Assign new violation with a single tap
- Print reliable and verifiable individual and daily transaction reports
- Color screen and photos on handhelds
- Standard and Rugged Model PocketPC devices available
- Optional printer comes with custom made printer cable or Bluetooth™ functionality

HANDHELD SPECIFICATIONS

- Operating System: Microsoft® Windows® Mobile 2003 Second Edition
- Wireless Connectivity: Optional: Integrated 802.11b & Bluetooth™ wireless technologies

SYSTEM SPECIFICATIONS

- Operates on most Pocket PC handheld devices running PocketPC 2003 in a .NET environment
- Interfaces seamlessly with MS-SQL desktop, and required accompanying RapidTrack K-12 Gateway is loaded on PC/Laptop
- PC specifications for the one required gateway utility are those of minimum windows requirements for the operating system as well as any specifics for the PocketPC device

A sample POCKETTRACKER K-12 System includes: POCKETTRACKER K-12 Software, POCKETTRACKER Handheld, POCKETTRACKER Printer, LED Barcode Reader

RAPIDTRACK K-12

Now there's a way to save time by taking out the paperwork and administrative headaches of attendance, dress code, and behavior violations. RAPIDTRACK K-12 is the simple, automated way of defining behavior policy and compliance, processing tardy students, and issuing detentions.

The RAPIDTRACK K-12 Administrative System maintains a history of each student's violations, and the scanned Photo ID can result in either PASS, WARNING, or DETENTION slips, dependent on past violations. The text and photo placement on each slip is completely customizable. The system includes built-in database interfaces to RAPIDCARD™, POCCKETRACKER K-12, AND an import map is defined for data coming from other ID card and administrative systems.

Typically loaded on a central PC/Laptop in the school's main office, RAPIDTRACK can help minimize paperwork, and get your tardy students processed efficiently and off to class. Class schedules can also be viewed easily, so verifying which class the student needs a pass to, is just a click of a button. Individual and daily transaction reports can be generated, as well as parental notification and detention lists.

FEATURES

- Assign detentions & violations
- Displays student's photo on violation slip
- Prints hall passes
- Track late students
- Define detention schedules
- Customizable violations
- Easy full-featured reporting
- Stores violation history
- Network ready – works on networks at multiple workstations
- Can add on POCCKETRACKER K-12 to collect violations, schedules, and basic attendance data all across campus using PocketPC handhelds
